Money Counting and Letter Tracing Workbook for Kids

Learning Hub Publishing
2020-05-23 Coin and money Counting is very important as the child grows up as they will use money in their everyday life thus its always better to give them a head start and make them learn how to spot different coins and use them properly. We at learning hub wanted to create a workbook where we not only teach the child what all different currencies are there such as

Penny, Dime, Quarter but also enable them to quickly learn how to count them in a quick manner . In this worksheet you will find kids math activities such as tracing the coins and practicing the handwriting, matching the object to the correct amount but also writing down how many dollars, quarters, Dimes or pennies is needed for buying an Item. This colorful worksheet will enable kids of any age whether they are in kindergarten or even in grades 1- 4 to learn the ropes very quickly and also improve their handwriting by tracing as they go.

Canadian Money, Grades 1 to 2 Leanne Howse 2015

"Learning how to count money is an important skill as we need money to buy some of our

favourite things! This resource is packed with worksheets and activities that allow students to practice important concepts involving money to meet expectations of the grades 1 and 2 Ontario Mathematics Curriculum. Concepts covered include: identifying Canadian coins and their value; representing money amounts in one or more ways; counting to find the total value of a collection of coins; adding and subtracting money amounts; solving problems involving money. Assessments that can be used at the end of the math unit are included for each grade along with a marking rubric" -- Publisher's website.
